

# Stick a Tree in Ethiopia

**Each 50¢ donation means  
one more tree in Ethiopia.**

Our goal is to plant 20,000 trees in Ethiopia. That's 10 trees for every kilometre JJ pedals as he navigates the extreme conditions and terrain of this culturally-rich country.

Autograph a stick when you donate and it will be hung on ETFF planting projects.

Visit [www.etff.org](http://www.etff.org) to learn more about tree planting in Ethiopia.
